

List of machines 2024

CNC-Drilling:

Gurutzpe B2200x10000

Manufacturer: Gurutzpe / Type: CNC-Lathe

- Workspace: \varnothing 2.200 x 10.000mm
- Options: C-Axis, hydrostatic steady rests
- Maximum Load: 35.000kg

Gurutzpe A1600x4000

Manufacturer: Gurutzpe / Type: CNC-Lathe

- Workspace: \varnothing 1.250 x 4.000mm
- Options: C-Axis
- Maximum Load: 15.000kg

PUMA 480

Manufacturer: Daewoo-Doosan / Type: CNC- Lathe

- Workspace: \varnothing 600 x 2.000mm
- Options: C-Axis, applied tools

PUMA 400 LM

Manufacturer: Daewoo-Doosan / Type: CNC- Lathe

- Workspace: Ø 500 x 2.000mm
- Options: C-Axis, applied tools.

PUMA 240 M

Manufacturer: Daewoo-Doosan / Bauart: CNC- Lathe

- Workspace: Ø 250 x 550mm
- Options: C-Axis, applied tools.

TOS SKJ 20

Manufacturer: TOS / Bauart: CNC-Karusell- Lathe

- Workspace: Ø 2.000 x 1.500mm
- Maximum Load: 25.000kg

Jungenthal 1800

Manufacturer: Jungenthal / Bauart: CNC-Karusell- Lathe

- Workspace: Ø 1.800 x 1.000mm
- Maximum Load: 15.000kg

Heid NCC 2200/3 x 6000

Manufacturer: Heid / Bauart: CNC- Lathe

- Workspace: Ø 2.200 x 6.000mm
- Maximum Load: 25.000kg

MDW-40

Manufacturer: Max Müller / Bauart: CNC- Lathe

- Workspace: Ø 1.200 x 3.000mm
- Maximum Load: 5.000kg

CNC-Milling:

Juaristi MP 7 RAM

Manufacturer: Juaristi / Bauart: CNC-boring mill

- Workspace: 14.000 x 4.000 x 2.000mm
- Options: B-Axis, Angle Head
- Maximum Load: 50.000kg

DB 130 CX

Manufacturer: Doosan / Bauart: CNC- boring mill

- **Workspace: 3.000 x 2.000 x 1.600mm**
- **Options: B-Axis, Angel Head**
- **Maximum Load: 15.000kg**

HM 1250 BJ2019

Manufacturer: Doosan / Bauart: CNC- boring mill

- **Workspace: 2.100 x 1.500 x 1.500mm**
- **Options: B-Axis, pallet changer**
- **Maximum Load: 3.500kg**

HM 1250 BJ2015

Manufacturer: Doosan / Bauart: CNC- boring mill

- **Workspace: 2.100 x 1.500 x 1.500mm**
- **Options: B-Axis, pallet changer**
- **Maximum Load: 3.500kg**

HP 5000

Manufacturer: Doosan / Bauart: CNC- boring mill

- **Workspace: 850 x 700 x 750mm**
- **Options: B-Axis, pallet changer**
- **Maximum Load: 2.000k**

Froriep

Manufacturer: Froriep / Bauart: CNC- boring mill

- Workspace: 3.500 x 3.000 x 1.500mm
- Options: NC-steering
- Maximum Load: 25.000kg

Measure & Test:

Global Image 123010

Manufacturer: Brown & Sharpe / Bauart: 3D-Measuring machine

- Workspace: 3.000 x 1.250 x 1.100mm
- Options: Angle Head
- Maximum Load: 1.800kg
- Documentation or test protocols acc. EN 10204/3.1

Inhouse PT-,MT-, & VT-Tests

Test authorization acc. ÖNORM EN ISO 9712

- Penetrant testing PT Level 1 + 2
- Visual inspection VT Level 1 + 2
- Magnetic particle testing MT Step 1 + 2
- Documentation or test protocols acc. EN 10204/3.1

Intern Services:

- Purchase of any kind of material
- CAD designs
- Crane systems with max 60 tons single weight
- Professional packing

External Services:

- Cylindrical grinding
- Flat grinding
- EDM (Electrical discharge machining)
- Water cutting
- Thermal cutting
- Heat treatments (Nitriding, Case hardening, Vacuum hardening, etc.)
- Surface treatments (Painting, Powder Coating, Chrome plating, Browning, etc.)
- Thermal build-up spraying
- Welding / Laser welding (MIG, MAG, WIG, etc.)
- Transports
- Professional packaging including construction of crates or transport frames

We look forward to your inquiry and please contact us with any questions you may have!
